

# Regional School Health Coordinators Contact Information

Every Michigan school district is served by a regional school health coordinator. Coordinators are usually housed at an Intermediate School District or Educational Service Agency within their region. Most of the coordinators serve several counties, and several coordinators serve large urban school districts. Coordinators are funded to provide materials, staff development, and technical assistance to local districts in health education, including HIV/STD prevention. Contact the Michigan Department of Education, Coordinated School Health and Safety Programs Unit at (517) 241-4284, or the Michigan Department of Community Health, School Health Unit, at (517) 335-8908 if you need assistance to identify the regional health education coordinator who serves your school district.
