

**CONNECTING  
NEIGHBORS**  
MDOT I-75 Ambassador  
Bridge Gateway Project

September 29, 2009

Dear Community Member,

Thank you for your continued support and ongoing involvement during the Ambassador Gateway project construction. With the opening of the freeway to traffic on July 2, along with continued construction to open additional ramps this fall, the Gateway Project is now over ninety-three percent complete!

To keep the community abreast of the project's progress and remain proactive in addressing construction issues in the neighborhoods, MDOT will be holding a public meeting at **7:00 pm on Tuesday, October 20, at the Detroit Mexicantown International Welcome Center Building (2<sup>nd</sup> floor)**.

This meeting will update the community on the progress of the three construction contracts currently underway by MDOT, and development of public art for the east apron access to the Bagley Pedestrian Bridge. MDOT will also continue to work with the community to identify issues and concerns arising from construction activities.

The meeting's agenda, location, and time/date are included in this mailing for your reference. Please plan to attend this meeting to help maintain the open dialogue between MDOT and the community during this project.

Please do not hesitate to contact Ed Tatem, our Community Liaison at 313-963-2813, should you have any concerns that arise prior to this meeting.

Sincerely,

Tony Kratofil, P.E.  
Metro Region Engineer  
Michigan Department of Transportation
